Dear Falmouth Owners,

Just a note to let each of you know that I have taken over from Ennis Elliot as editor of the "Falmouth Newsletter". As you are probably aware Becky and Ennis have had their vessel for sale; she has now sold and will be moving to Florida.

I had mentioned to Ennis, that if he was not besieged by offers to assume the publication, that rather than let it fizzle, I would take over. I look forward to having a closer relationship with all of you, and hope that you will continue to provide each other, through the Newsletter, with information of and about these great little boats.

In closing, I would like to thank Ennis for his efforts and wish both he and Becky all the very best in their future travels, all be they on land!

I look forward to hearing from you in the future.

Sincerely,

Brian J. Wootton-Woolley  
F.C. 23 "Puffin"
